SUMMARY

Pre-final year Artificial Intelligence and Data Science student with strong skills in Python, R, C, data analysis, and machine learning. Experienced in developing end-to-end ML models, optimizing workflows, and solving real-world problems using data-driven approaches. Quick learner with strong analytical ability and a commitment to delivering efficient, high-quality solutions. Seeking opportunities to contribute technical expertise to impactful AI and data science projects.

SKILLS

- Programming: Python, R, C
- Machine Learning Techniques
- Data Analysis and Visualization
- Frontend Development (basic)

PROJECTS

RAPTOR AI - CHATBOT

- Intelligent technical assistant built using Python, powered by Groq API for ultra-fast inference.
- Handles programming queries, mathematical computations, and logical problem-solving with high precision and real-time responsiveness.
- Streamlit frontend integrating advanced NLP models and optimized processing for context-aware responses.

BIKE RESALE VALUE ESTIMATOR

- Predicts resale price of motorcycles using Random Forest regression on features like Brand, Model, Year, Mileage, Engine, Condition, Owner, and Original Price.
- User-friendly Tkinter GUI for instant resale price estimation.

INTERNSHIP EXPERIENCE

- Completed a one-month virtual internship at NSP Nexus, Chennai.
- Worked on developing AI-driven applications, including machine learning workflows and chatbot development using the Groq API.
- Performed data analysis and created interactive Streamlit frontends.
- Gained practical exposure to model evaluation, coding, and real-time system integration.

Remote
23rd June 2025 - 23rd July 2025

EDUCATION

B.S. Abdur Rahman Crescent Institute of Science and Technology

Bachelor of Technology - Artificial Intelligence and Data Science

CGPA: 9.39

Chennai, India
2023 - 2027

Vyasa Vidyalyaya Matriculation Higher Secondary School

10th Grade — 84%
12th Grade — 92%

Chennai, India
2019 - 2020
2022 - 2023

CERTIFICATIONS

- Machine Learning: Certified by CodeChef
- Complete Machine Learning & Data Science - Skill Up: Certified by GeeksforGeeks
- The Joy of Computing Using Python (76%): Certified by NPTEL
- Python for Data Science: Certified by Great Learning
- Data Analytics Job Simulation - Certified by Deloitte

ACHIEVEMENTS / ACTIVITIES

- Participated in National Level 24 hrs Hackathon
- Participated in National Level Technical Symposium
- Completed Workshop on "R for Data Science"
- Completed Workshop on "Distributed Big Data Processing Techniques & Cloud Services"
- Completed Workshop on "Deep Learning & Neural Networks"
- Completed Workshop on "Evolution of GPT Models"
